

Hourly Rate Pricing

Version 0.2 - Nov. 2005 – DocNo-S009

Overview

Any software development project needs resources to complete the project at hand. Full Knowledge brings the expertise of software development project management to your door step at an effective rate that meets your needs. Full Knowledge LLC uses the industry standard 1099 corporation to corporation contract and can also use third parties if necessary. Our consultants are professionally trained and all hold a Project Management Professional (PMP) certification. or are working to obtain their PMP.

Basic Package

Since the Basic Package focuses on Communication Management as defined by the Project Management Institute (PMI) the pricing is the lowest:

\$40 to \$50 per hour

This price is negotiable and depends on availability.
(If current average PM labor rates cannot support this rate it can be higher.)

Features:

- 1) Assessment of your project for project charter, objectives and scope.
- 2) Verification with customer of project charter, objectives and scope.
- 3) Follow PMI Communications Management Knowledge area.

Benefits:

- 1) Provide confidence that your project is moving in the right direction.
- 2) Ensure that communications on your project are at industry standard.
- 3) Confidence that your project will be managed with the triple constraint.
(Schedule, costs, quality, risks and scope)

Full Risk Package

Since the Full Risk Package focuses on Communication Management and Risk Management as defined by the Project Management Institute (PMI) the pricing is at the median level:

\$70 to \$80 per hour

This price is negotiable and depends on availability.
(If current average PM labor rates cannot support this rate it can be higher.)

Features:

- 1) Same as Basic Package.
- 2) Follow PMI Risk Management Knowledge Area.

Benefits:

- 1) Same as Basic Package.
- 2) Insurance that your project will be guided to completion without event.

Target Companies:

- IT Organizations
- Software Companies
- Embedded Systems

Target Audience:

- Executives
- Directors
- Software Managers

Our Goal:

Creating wealth by assisting in delivering your software projects to market fast and reliably.

Our Guarantee:

We guarantee that we will create wealth with a ROI that will exceed 1000%, or the services will be one third (1/3) the price.**

** Only applies to the wealth creation package.

Full Process Advancement Package

Since the Full Process Advancement Package focuses on Communication Management and Risk Management as defined by the Project Management Institute (PMI) AND performs process assessment and integration of new tools and techniques the pricing is the highest:

\$100 to \$150 per hour

This price is negotiable and depends on availability.
(If current average PM labor rates cannot support this rate it can be higher.)

Features:

- 1) Same as Full Risk Package.
- 2) Assessment of your project for tools and technique improvements.
- 3) Recommended and implemented introduction of tools and techniques.

Benefits:

- 1) Same as Full Risk Package.
- 2) The Return on Investment (ROI) will be substantiated with business rational.
- 3) Insurance that your process change will see the desired ROI.

NOTE: These hourly rate packages do not have a "Guarantee" like the Software Process Wealth Package. These are straight rates as you would find in a Time and Materials Contract.
